Report "Engineers' Day Celebration"

Date: - 15-09-2018

Introduction:

Department of Information Technology under IEI has organized an "Engineers' Day" in presence of Resource Person or speaker Shri. Deepak Menaria, CEO of Lemon Ideas, Nagpur.

Aim:

Make the students aware about what is skill in business, company and entrepreneurial skill.

Objective:

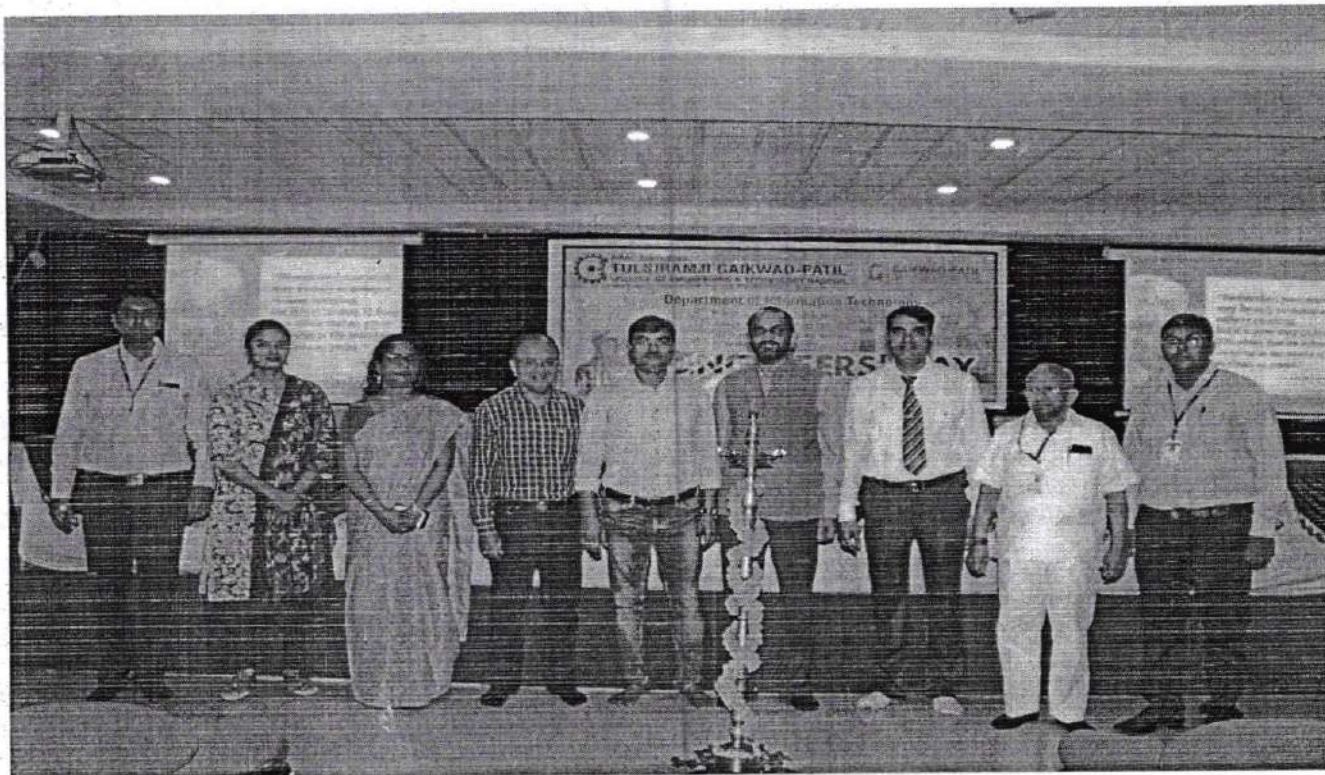

The main objectives of the lecture were to acquaint the student's or employers laying emphasis on entrepreneurial skill.

Introduction:

Engineer's Day is celebrated by the Engineer Community of India every year on September 15. Not just India but several other countries also celebrate this day on various days though. Mokshagundam Visvesvaraya, who was fondly called Sir MV, was literally the builder of India, the builder of dams and water systems, to be precise, which not only boosted irrigation facilities but also saved a large number of people from floods. He was an engineering pioneer of India whose genius reflected in harnessing of water resources and building and consolidation of dams across the country.

He went on to become India's most prolific civil engineer, dam builder, economist and statesman. He was one of the most prominent builders of India in the 20th century. Visvesvaraya was also the chief engineer responsible for the construction of the Krishna Raja Sagara Dam in Mysore, the biggest in Asia at that time. In 1909, when the city of Hyderabad was in danger of getting flooded, Visvesvaraya was appointed as special consultant engineer to make the city flood-proof. His inventive engineering work saved the Visakhapatnam port from sea erosion.

Employers are laying emphasis on the entrepreneurial talents of their new hires. Employers value the talents of graduates who can, in touch economic times, develop fresh sources of revenue, while the graduates themselves find greater security in testing their entrepreneurial ideas with the financial backing of their employers.

Mapping of Session with PO:

This Session helps student to learn about

- 1) Conduct investigation of complex problems
- 2) Problem Definition
- 3) Individual and team work
- 4) Communication
- 5) Lifelong Learning

Outcomes of Session:

Student audiences felt the session to be very informative as they got the opportunity to know the nuts and bolts of the entrepreneurial skill. As per the speaker response the session was an interactive session with loads of enthusiasm among the student audience who came up with several doubts and queries. The lecture was successful and fulfilled the objectives of educating the students about the entrepreneurial skill.

Conclusion:

The lecture concluded with a brief note by Speaker that employers value the talents of graduates who can, in touch economic times, develop fresh sources of revenue, while the graduates themselves find greater security in testing their entrepreneurial ideas with the financial backing of their employers.

'Employers laying emphasis on entrepreneurial skills'

LOKMAT NEWS NETWORK
NAGPUR, SEPT 17

Engineers' Day was celebrated by Information Technology (IT) department of Tulsiramji Gaikwad-Patil College of Engineering and Technology (TGPCET) to mark the 157th birth anniversary of world famous engineer and Bharat Ratna Mokshagundam Visvesvaraya.

Kapil Dongre welcomed dignitaries and intro-

Dignitaries present during the Teachers Day programme at TGPCET.

duced the chief guest Deepak Menaria, CEO Lemon Ideas, Nagpur. Dr

Mohan Gaikwad-Patil, chairman GPG, Prof. Sandeep Gaikwad, treasurer

GPGL, Dr. Prabha Nair, vice-principal, TGPCET. Anil Hood, executive direc-

tor, GPGL, Prof. Geeta Padole-Gaikwad, director admissions GPGL, Prof. Anup Gade and others were present. A short film on Sir Mokshagundam Visvesvaraya was also shown on the occasion.

Deepak Menaria said that employers are laying emphasis on the entrepreneurial talents of their new hires. Employers value the talents of graduates who can, in tough economic times, develop fresh sources of revenue, while the graduates themselves

find greater security in testing their entrepreneurial ideas with the financial backing of their employers. Dr. Prabha Nair said that Sir Mokshagundam Visvesvaraya was the man behind the flood protection system. He created marvels by utilizing limited resources available to them at that time.

Anil Hood also addressed the gathering. Prof. Anup Gade proposed a vote of thanks. Kapil Dongre and Rewati Mudaliar conducted the proceedings.

Activity:	Death anniversary of Tulsiramji Gaikwad along with Blood Donation Camp		
Activity Type:	Social	Planed/Unplaned:	Planned
Activity Date:	18 th July, 2018	Target Audience:	All
Branch:	All	Semester:	All
Organizing Department:	NSS Unit		
Faculty Convener:	Mr. A. C. Fulzele		
No. of Participant:	57		

Brief Report/Summary of Activity:-

A voluntary blood donation camp was organized by TGPCET-NSS Unit on 18th July 2018 in college campus. During the camp around 57 youth and the college staff came forward to donate the blood along with the Chairman of the Group, Dr. Mohan Gaikwad-Patil took active initiative and came forward to donate blood.

The camp dated on 18th July 2018 was inaugurated by the hands of Dr. Mohan Gaikwad-Patil, Chairman, GPG and Prof. Sandeep Gaikwad, Treasurer, GPGI. While addressing he said that a healthy adult could donate blood three or four times in a year. Donating blood is a vital way to help save lives. Along with helping save lives, there are a number of reasons why donating blood is important. Despite medical and technological advances, blood cannot be made, so donations are the only way we can give blood to those who need it. He also addressed other fears and misconception regarding blood donation. The special appreciation was given to NSS Unit by Shri. Anil Hood, Executive Director, GPGI. Prof. Ashwadeep C. Fulzele, Program Officer, TGPCET-NSS Unit organized blood donation camp in healthy atmosphere. The volunteers of NSS Unit Mr. Mayur Dongre and team took efforts to make program successful.

Outcome of Event:- Blood donors are a critical life-line for millions in the country. One thing that all blood donors have in common is a feeling of pride, knowing that the blood they donated will have a profound impact on someone who is in need, making blood donation an essential duty of our citizenry.

Brief Report/Summary of Activity:-

The National Service Scheme (NSS) Unit of Tulsiramji Gaikwad-Patil College of Engineering & Technology organized "National Youth Day" on 12th January 2019. The Chief Guest of the event was Swami Bodhmayananda, Director, Vivekananda Institute of Human Excellence, Hyderabad and Guest of honour was Dr. Shirish Limaye, Volunteer, Ramkrishna Math, Pune.

In the event addressing the gathering, guest stated that Youths play an important role in progress and development of our nation as they constitute a majority portion of the total population of the country. The efforts of youth can help in rapid growth and development of our nation. Youth are the building blocks in the economical and social development of a nation.

Well educated and trained youths contribute their skills in almost every sector in a developing economy. They give their services as engineers, doctors, administrators, teachers, lecturers, and in several other capacities. The energy level and confidence of youths make them take risk and achieve new heights in their respective domains. Youths in a nation, create a productive and efficient environment conducive to economical and social progress of the nation.

Outcome of Event:- The trained youths contribute their skills in almost every sector in a developing economy.

Electronics and Communication Engineering

Date: 16th August 2018

Report on “Independence Day 2018”

Introduction: Celebration of 72th Independence Day

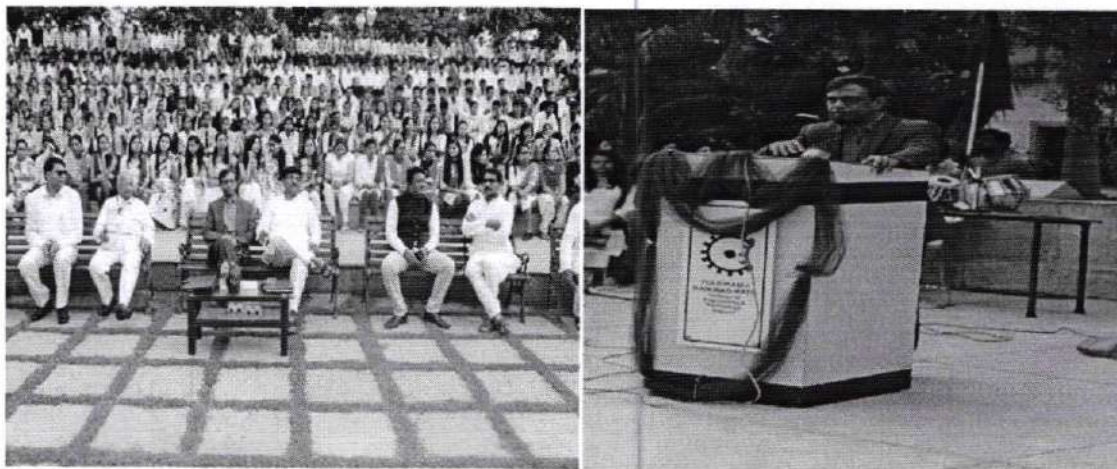

Aim: Independence Day is a way to remind us of their sacrifices and thus holds special importance for the citizens of our country. **Independence Day** is also a way to celebrate our freedom. The citizens of India tasted true freedom the **day** our country attained **independence**.

Objective: The student will be able to.

1. Relate to struggle for independence and ultimate success
2. Recognize the problem independent India faced
3. Evaluate the new governments priorities.
4. Appreciate the difficulties faced while drafting the constitution.
5. Analyse the role of planning commission.

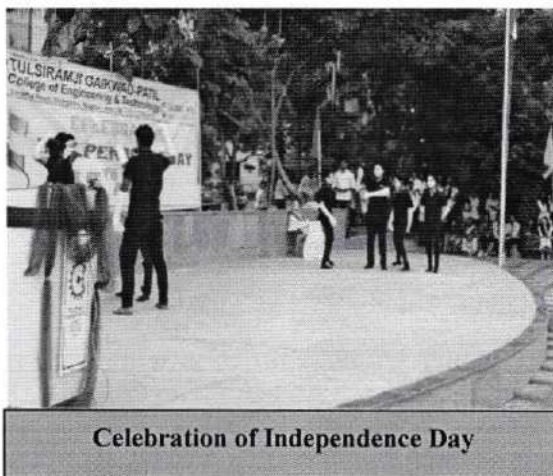

Introduction: Independence Day is annually celebrated on 15 August, as a national holiday in India commemorating the nation's **independence** from the United Kingdom on 15 August 1947, the **day** when the UK Parliament passed the Indian **Independence Act 1947** transferring legislative sovereignty to the Indian Constituent Assembly.

Glimpses of Event:

Electronics and Communication Engineering

Celebration of Independence Day

Mapping with PO: PO8-Ethics

PO9 - Individual and team work

PO10-Communication

PO12 - Lifelong learning

Outcomes of Event: India is celebrating its 72th year of independence this time and we as Indians must be proud of our progress in all these years. A country that survived a tempestuous struggle for freedom that lasted for about 90 years from 1857 to 1947, has come a long way to an era where every spirit is free to be themselves. We must, today, unite and celebrate the day together to sound as one voice that is powerful and progressive, and must pledge to protect the integrity of our country.

Conclusion: The people of India are thankful to those who fought for the **independence** of their country. They celebrate their freedom each year on the 15th of August which has been marked as Indian **Independence Day**. The **day** is indeed special for every Indian.

Report
"Engineers' Day Celebration"

Date: - 15-09-2017

Introduction:

Department of Information Technology under IEI has organized an "Engineers' Day" in presence of Resource Person or speaker Mr. Arun Uttarwar, Renowned Structural Consultant and Chairman of ICI.

Aim:

Make the students aware about Engineering for Change.

Objective:

The main objectives of this session were to acquaint the student's or employers learned discourse on economic planning in India, Planned Economy for India and Reconstructing India.

Introduction:

September 15 is celebrated every year in the country since 1967 as "Engineers' Day" to commemorate the birthday of the legendary engineer Sir Mokshagundam Visvesvaraya. 'Change' is the most important challenge faced by the engineers of a developing India. They are further being challenged by the changing climate and ever increasing population. Extensive research is being carried out in all engineering disciplines to cope with such emerging challenges. Information and communication technology and Electronics are playing a key role in several initiatives such as Digital India, Make in India, Startup India and Smart Cities. Keeping in view of the rapid transformation and innovation at international level, engineers of our country should be prepared to cope-up with the changes. The complexity further increases due to environmental concerns and actions needed for sustainable development. Engineers now cannot restrict themselves to a particular discipline. Good understanding of interdisciplinary innovations, design, planning and undertaking of researches and projects on that is the need of the hour.

Some of the ideas are a small machine shop, scrap metal business, auto repair, solar panel production and installation, welding, product assembly service, waste disposal machines, supply chain management, and others.

Glimpses of Event:

Mapping of Session with PO:

This Session helps student to learn about

- 1) Conduct investigation of complex problems
- 2) Problem Definition
- 3) Individual and team work
- 4) Lifelong Learning

Outcomes of Session:

Student audiences felt the session to be very informative as they got the opportunity to know the nuts and bolts of the planning in economics. As per the speaker response the session was an interactive session with loads of enthusiasm among the student audience who came up with several doubts and queries. The session was successful and fulfilled the objectives of educating the students about the changes in economics.

Conclusion:

The session concluded with a brief note by Speaker that engineers to be the harbinger for the change by exploring the disruptive technologies in all engineering sectors to enable India to lead the crusade of mitigation of climate change.

Brief Report/Summary of Activity:-

The National Service Scheme (NSS) Unit of Tulsiramji Gaikwad-Patil College of Engineering & Technology organized "Savitribai Phule Birth Anniversary" on 3rd January, 2018 for the students of institute. The Chief Guest of the event was Mrs. K. Mankar, Renowned Social Activist.

In the event addressing the gathering, guest stated that Often considered as the "Goddess of education", Savitribai began teaching girls almost 200 years ago when education was but a dream for them. She is one of the first modern feminists in India, who stood up for women's education, their rights and upliftment. And this explains why till date, Savitribai symbolises women empowerment. Savitribai, along with her husband Jyotirao Phule, laid foundation for the country's first girl's school in Pune, where she conducted meetings with parents to emphasise on the importance of education for girls.

Outcome of Event:- The social reform through quality education. The students learned the message of national integrity.

Electronics and Communication Engineering

Date: 16th August 2017

Report on “Independence Day 2017”

Introduction: Celebration of 71th Independence Day

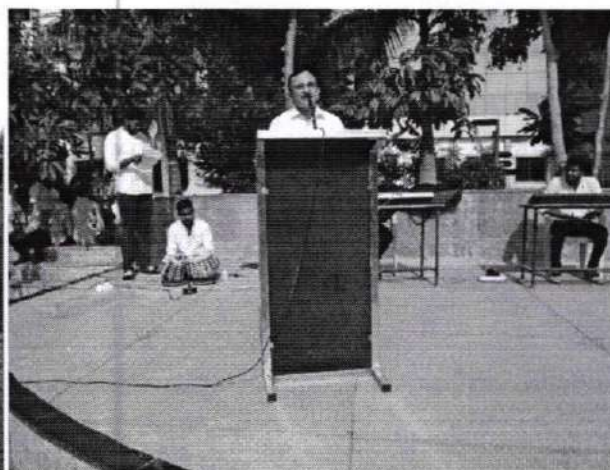

Aim: Independence Day is a way to remind us of their sacrifices and thus holds special importance for the citizens of our country. **Independence Day** is also a way to celebrate our freedom. The citizens of India tasted true freedom the **day** our country attained **independence**.

Objective: The student will be able to.

1. Relate to struggle for independence and ultimate success
2. Recognize the problem independent India faced
3. Evaluate the new government's priorities.
4. Appreciate the difficulties faced while drafting the constitution.
5. Analyse the role of planning commission.

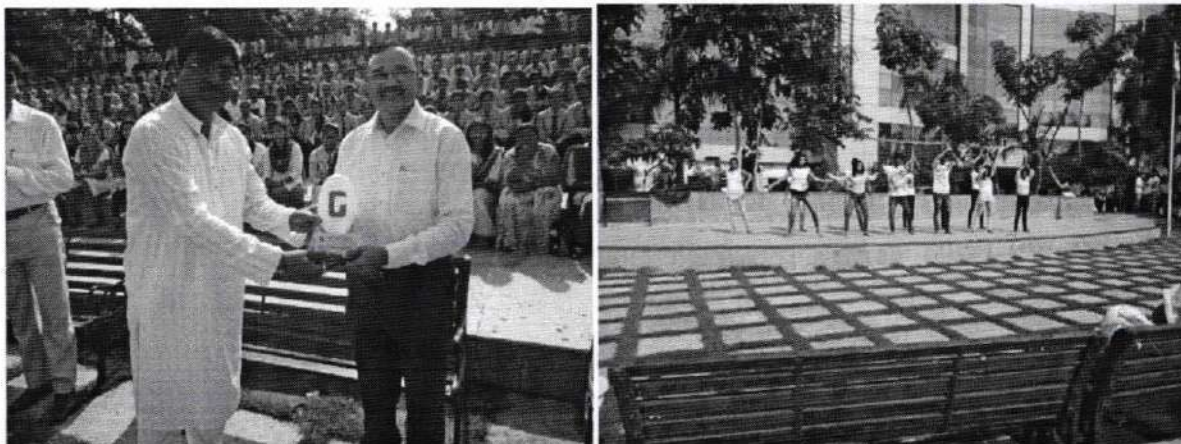

Introduction: Independence Day is annually celebrated on 15 August, as a national holiday in India commemorating the nation's **independence** from the United Kingdom on 15 August 1947, the **day** when the UK Parliament passed the Indian **Independence Act 1947** transferring legislative sovereignty to the Indian Constituent Assembly.

Glimpses of Event:

Electronics and Communication Engineering

Celebration of Independence Day

Mapping with PO: PO8-Ethics

PO9 - Individual and team work

PO10-Communication

PO12 - Lifelong learning

Outcomes of Event: India is celebrating its 71th year of independence this time and we as Indians must be proud of our progress in all these years. A country that survived a tempestuous struggle for freedom that lasted for about 90 years from 1857 to 1947, has come a long way to an era where every spirit is free to be themselves. We must, today, unite and celebrate the day together to sound as one voice that is powerful and progressive, and must pledge to protect the integrity of our country.

Conclusion: The people of India are thankful to those who fought for the **independence** of their country. They celebrate their freedom each year on the 15th of August which has been marked as Indian **Independence Day**. The **day** is indeed special for every Indian.

Remember sacrifices of our freedom fighters: Dr Wate

LOKMAT NEWS NETWORK
NAGPUR, AUG. 23

The 70th Independence day was celebrated with great enthusiasm and patriotic fervor by Gaikwad-Patil group of Institutions.

Chairman of Recruitment and Assessment Board (RAB), CSIR, New Delhi and former director of CSIR NEERI, Nagpur Dr Satish Wate was the chief guest for this function.

To commemorate the sovereignty of our nation, the chief guest unfurled the tricolor flag and all in unison sang the national anthem and expressed the joy of freedom.

On the occasion Dr Wate elaborated on the concepts of freedom and independence, and advised the students not to misuse their rights and liberties but remember the freedom fighters and their sacrifices and take India to great heights.

Dignitaries saluting the flag on Independence Day

He was happy to notice that today's students think about the freedom and it is necessary to inculcate within us. The true freedom means when we make our country corruption free.

During the programme Sneha Umredkar, a stu-

dent of Mechanical Engineering sang the patriotic song 'Rang De Basanti Chola' that awakened everyone's feelings towards our motherland while 'Sandese Ate Hai' sung by the choir echoed on the college premises.

Chairman of GPGI Dr

Mohan Gaikwad-Patil, treasurer Prof Sandeep Gaikwad, director research Dr D P Kothari, director (academics and administration) Prof Anil Hood, director (finance) S V Joshi, principal of GTPCET Dr G K Awari and principal of AGPCE Dr S M Chandekar were also present during this programme. The special assembly concluded with tree plantation programme organised by NSS unit.

Pranali Nandanwar and Nutan Bagde, students of Information Technology and Mechanical Engineering department respectively conducted the programme. The event was co-ordinated by head of Information Technology department Prof Anup Gade. Prof Parul Bhanarkar, Prof Jayant Rohankar, Prof Vishakha Gupta and Prof Sarvesh Warjurkar worked hard for the success of this programme.

Brief Report/Summary of Activity:-

The National Service Scheme (NSS) Unit of Tulsiramji Gaikwad-Patil College of Engineering & Technology organized Rashtriya Ekta Diwas. The event was coordinated by Mr. A. C. Fulzele, NSS Programme Officer, TGPCET. Rashtriya Ekta Diwas was introduced by the Government of India and inaugurated by Indian Prime Minister Narendra Modi in 2014. Sardar Vallabhbhai Jhaverbhai Patel, one of the founding fathers of the Republic of India, popularly referred to as the Iron man of freedom struggle, was known for protecting the unity of the country post-independence. 31st October, the birth Anniversary of Sardar Patel, celebrated as Rashtriya Ekta Diwas or the national day for unity. Sardar Patel believed in mutual love & harmony with no division or caste

The principal given speech on Rashtriya Ekta Diwas and appealed to all employee & student to make day memorable. NSS Program officer Prof. A. C. Fulzele expressed the opinion & enlightened to students on the importance of Rashtriya Ekta Diwas & he had said that one can see the tricolor across the length and breadth of the nation and credit for this goes to Sardar Vallabhabhai Patel. Also he had said that, Sardar Patel worked on national integration and devoted himself to the nation. Sardar Patel not only saved us from the troubles arising out of independence but he also worked on integrating on the smallest princely states into the Indian nation Then various activity were conducted in the college i.e. Pledge ceremony, run for unity.

Outcome of Event:- To provide an opportunity to re-affirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity and security of our country.

Report
"Engineers' Day Celebration"

Date: - 15-09-2016

Introduction:

Department of Information Technology under IEI has organized an "Engineers' Day" in presence of Resource Person or speaker Dr. Awichal Kapoor.

Aim:

To make the students aware about the Skill Development for Young Engineers to reform the core sector.

Objective:

The main objectives of this session were to acquaint the student's or employers learned skill factors through assessments, teaching, curriculum and real life case studies.

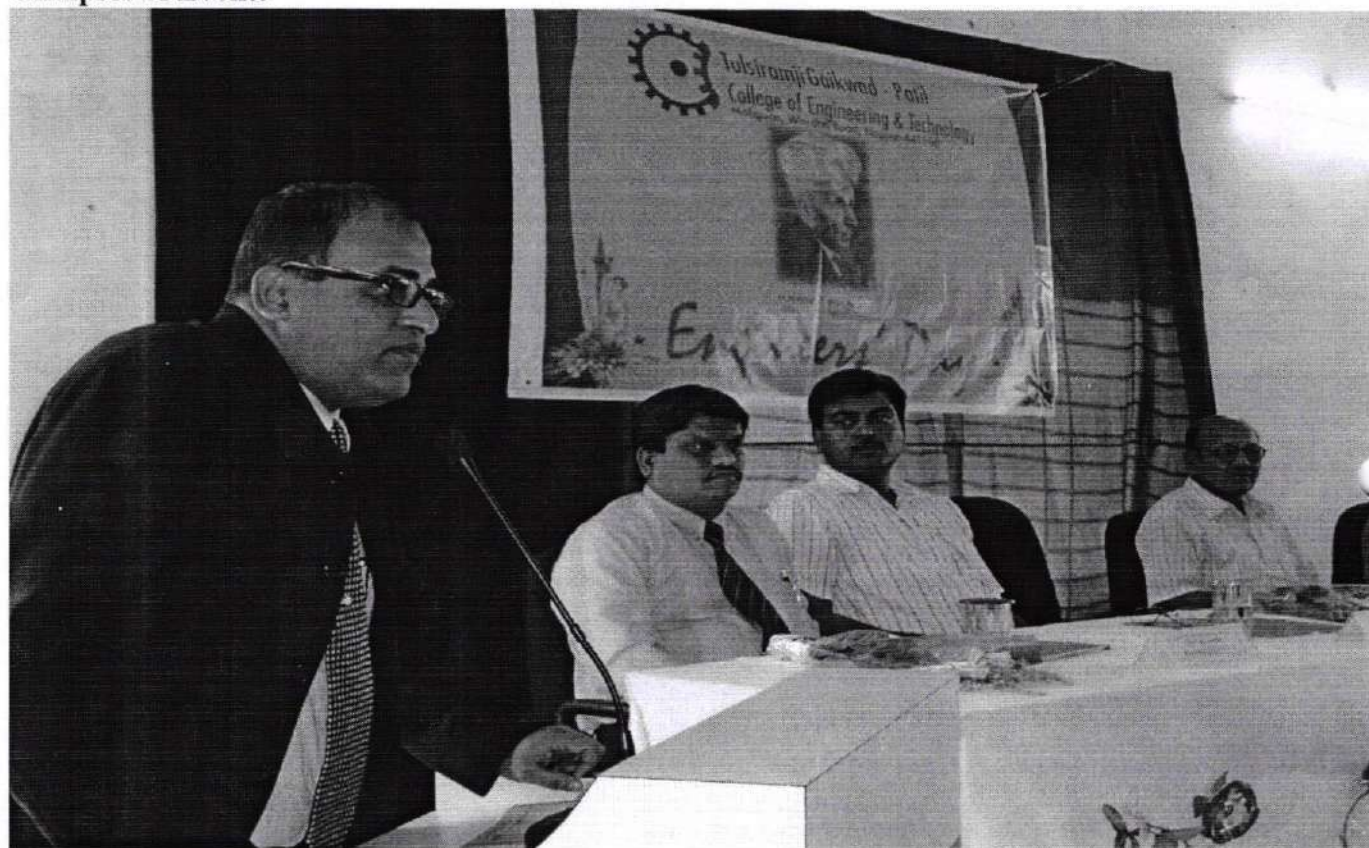

Introduction:

Engineer Day is celebrated on September 15 in the honour of Mokshagundam Visvesvaraya who is considered as one of the best Indian engineers. Emphasis on soft skills development. Exercise skills in a simulated environment. Customize courses to meet different customers. Renewable energy has become the key notion of all Electrical as well as Environmental engineers as we have to move away from fossil fuel to save the environment. Wind energy and solar PV energy are now finding place amidst the conventional energy supply of the nation and interconnectivity of those with the main grid is being looked into. To facilitate the mobility of the huge population of our country, 'Green transport' is required to be implemented for all mass transport system. According to the Institution of Engineers India (IEI), he is best known for his discourse 'Planned Economy for India and Reconstructing India' which is the first of its kind to describe the country's planning efforts and is even today regarded as the parent source matter for economic planners.

Engineers now cannot restrict themselves to a particular discipline. Good understanding of interdisciplinary innovations, design, planning and undertaking of researches and projects on that is the need of the hour.

Glimpses of Event:

Mapping of Session with PO:

This Session helps student to learn about

- 1) Conduct investigation of complex problems
- 2) Problem Definition
- 3) Individual and team work
- 4) Lifelong Learning

Outcomes of Session:

Student audiences felt the session to be very informative as they got the opportunity to know the nuts and bolts of the Skill Development for Young Engineers. As per the speaker response the session was an interactive session with loads of enthusiasm among the student audience who came up with several doubts and queries. The session was successful and fulfilled the objectives of educating the students about the Skill Development for Young Engineers.

Conclusion:

The session concluded with a brief note by Speaker that how skills development can be an important tool for reducing poverty and exclusion and enhancing competitiveness and employability.

Date: 16th August 2016

Report on
“Independence Day 2016”

Introduction: Celebration of 70th Independence Day

Aim: Independence Day is a way to remind us of their sacrifices and thus holds special importance for the citizens of our country. **Independence Day** is also a way to celebrate our freedom. The citizens of India tasted true freedom the **day** our country attained **independence**.

Objective: The student will be able to.

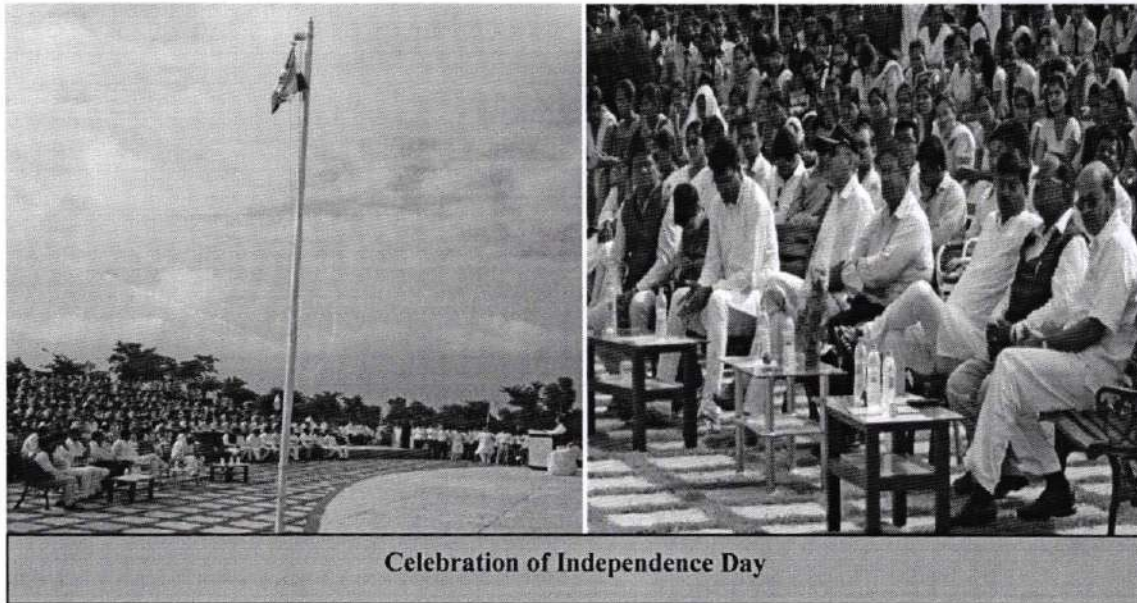

- 1.Relate to struggle for independence and ultimate success
- 2.Recognize the problem independent india faced
- 3.Evaluate the new governments priorities.
- 4.Appreciate the difficulties faced while drafting the constitution.
- 5.Analyse the role of planning commission.

Introduction: Independence Day is annually celebrated on 15 August, as a national holiday in India commemorating the nation's **independence** from the United Kingdom on 15 August 1947, the **day** when the UK Parliament passed the Indian **Independence Act** 1947 transferring legislative sovereignty to the Indian Constituent Assembly.

Glimpses of Event:

Electronics and Communication Engineering

Celebration of Independence Day

Mapping with PO: PO8-Ethics

PO9 - Individual and team work

PO10-Communication

PO12 - Lifelong learning

Outcomes of Event: India is celebrating its 70th year of independence this time and we as Indians must be proud of our progress in all these years. A country that survived a tempestuous struggle for freedom that lasted for about 90 years from 1857 to 1947, has come a long way to an era where every spirit is free to be themselves. We must, today, unite and celebrate the day together to sound as one voice that is powerful and progressive, and must pledge to protect the integrity of our country.

Conclusion: The people of India are thankful to those who fought for the **independence** of their country. They celebrate their freedom each year on the 15th of August which has been marked as Indian **Independence Day**. The **day** is indeed special for every Indian.

“Teachers’ Day Celebration”

Introduction:

Department of General Engineering has organized a “Teachers day” in the presence of resource Person Dr. Kamal Singh, Vice Chancellor, S. G. B. Amravati University, Amravati.

Aim:

Make the students aware about importance of education and role of teachers.

Objective:

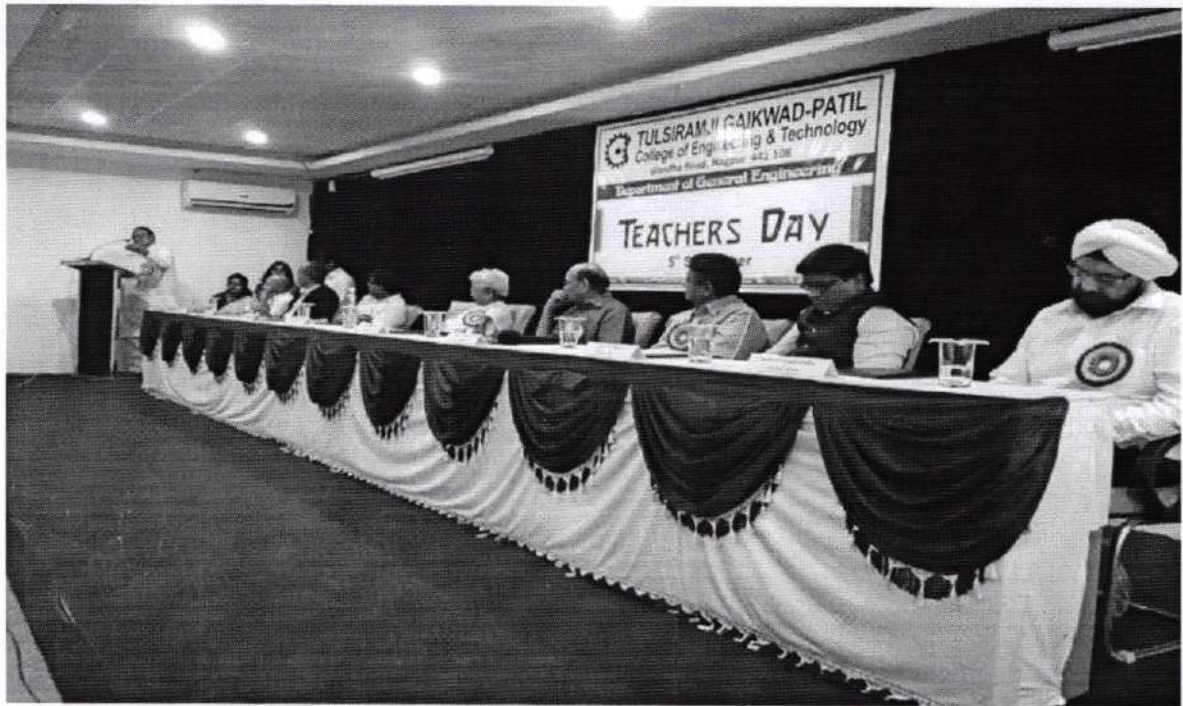

Teacher's Day is celebrated to acknowledge the challenges, hardships and the special role that teachers play in our lives.

Introduction:

We celebrate Teachers’ day every year throughout the country on 5th September. Students express their gratitude and appreciation for their teachers on this day. This day is dedicated to Dr. Sarvepalli Radhakrishnan – second President of India. The great academic philosopher, and one of the most well known diplomats, scholar, president of India and above all a teacher. As a tribute to this great teacher, his birthday has been observed as teachers' day.

On this occasion Chief Guest Dr. Kamal Singh, Vice Chancellor, S. G. B. Amravati University, Amravati, enlightened the gathering about importance of education and role of teacher in everyone's life and explained it through examples of various great personalities.

Glimpses of Event:
