Tulsiramji Gaikwad-Patil College of Engineering and Technology

Wardha Road,
Nagpur-441
108
Approved by AICTE, New Delhi, Govt. of Maharashtra
(An Autonomous Institution Affiliated to RTM Nagpur University with NAAC A+ Grade)

Course Name: BSH1X06 Differential Equation And Statistics

BSH1X06	Course Outcomes
CO1	**Apply** different methods to solve Linear differential equation
CO2	**Solve** problems by using Higher order differential equation
CO3	**Determine** area, mass and volume by using concept of integration
CO4	**Use** basic algebraic concept to solve the complex number and solution of simple polynomial equations
CO5	**Use** of statistical method to solve the problem on fitting of straight line and Parabola.
