

Tulsiramji Gaikwad-Patil College of Engineering and Technology

Wardha Road, Nagpur-441 108

NAAC Accredited with A+ Grade

(An Autonomous Institute Affiliated to RTM Nagpur University, Nagpur)

Program: B.Tech. Civil Engineering

Semester IV

BCE2409: Environmental Engineering Lab

	Course Outcomes	CL	Lab Sessions
BCE2409.1	Identify and recommend water quality analysis tests for determining pollution in water	2	4
BCE2409.2	Identify and recommend tests for analysis of physical constituents of water	2	4
BCE2409.3	Investigate properties of chemical constituents of water using identification tests	6	6
BCE2409.4	Evaluate & acquire the knowledge to test strength & quality of reagents & coagulants	5	4
BCE2409.5	Examine the concepts of water quality related to Environmental Engineering	4	2
